Pruthwiraj Patra

Bhubaneswar, Odisha | +91 XXXXX XXXXX | pruthwirajpatra3@gmail.com

PROFESSIONAL SUMMARY

First-year Integrated MCA student at Utkal University with a strong foundation in Python, SQL, Excel, and data analysis. Brings practical exposure to academic projects in programming, data structures, and spreadsheet-based analysis, with a clear interest in business intelligence and data-driven problem solving. Known for analytical thinking, attention to detail, and a disciplined approach to learning new tools and techniques.

EXPERIENCE / PROJECTS

Python Programming Practice

- Developed multiple Python programs using loops, functions, file handling, and object-oriented programming concepts.
- Strengthened problem-solving ability through structured coding practice and debugging.

Data Structures Practice

- Implemented searching and sorting algorithms to improve logical reasoning and algorithmic thinking.
- Built familiarity with core data structures relevant to analytical and technical work.

Excel Data Analysis

- Created spreadsheets using formulas, sorting, filtering, and charts to analyze sample datasets.
- Applied Excel to organize data, identify patterns, and present insights clearly.

EDUCATION

Integrated Master of Computer Applications (MCA)

Utkal University, Bhubaneswar | Expected Graduation: 2030

SKILLS

Technical: Data Analysis, Python, SQL (Learning), Microsoft Excel, Power BI (Learning), Data Visualization, Data Structures, Programming Fundamentals, Microsoft Word, PowerPoint

Core Strengths: Problem Solving, Analytical Thinking

LANGUAGES

English | Hindi | Odia
